EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Abstract

In the last line "lower substrate and the lower substrate" has been changed to __ *lower substrate and the CLC color filter* .__

Allowable Subject Matter

Claims 1-21 are allowed.

Statement of Reasons for Allowance

Claims 1 to 21 are allowable since there is no prior art of record that either teaches or suggests a reflective liquid crystal display or a method of forming a substrate for use in the reflective liquid crystal display device comprising the specific limitations recited in the following claims:

Claim 1:

a light absorption layer between a cholesteric liquid crystal (CLC) color filter and a lower substrate, wherein the light absorption layer aligns cholesteric liquid crystals in the CLC color filter.

Claim 7:

a second substrate act as a light absorption layer that includes an organic material and a black-colored additive, and wherein the light absorption layer aligns cholesteric liquid crystals in the CLC color filter.

Claims 11 and 17:

- rubbing the light absorption layer in one direction
- forming a cholesteric liquid crystal (CLC) color filter on the light absorption layer

Claims 2-6, 8-10, 12-16 and 18-21 are allowed since they depend on the allowed claims.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
